

Newark NewForm® Weather Shield Concrete Forming Tubes

Perfect for columns, piers, pilings and footings.

For more than four decades, Newark NewForm® Concrete Forming Tubes have been leading the way in the construction industry. Combining innovative technology and knowledge-based engineering, all backed by the signature service customers have come to know from Newark Recycled Paperboard Solutions.

It's no wonder why one out of every three concrete tubes sold in the U.S. today is a Newark NewForm® tube.

THE BEST JUST GOT BETTER INTRODUCING NEWARK NEWFORM® WEATHER SHIELD

Shields against moisture and adverse weather conditions to help keep the elements from impacting your construction schedule.

Newark NewForm® Weather Shield concrete forming tubes are built to withstand the rigors of construction. Designed to hold the full hydrostatic pressure load of concrete in a single continuous pour*, Newark NewForm® Weather Shield tubes have earned their mark as a "go to" standard for the most demanding construction projects.

Weather Shield Technology – Improved water resistance minimizes schedule changes due to inclement weather. Provides increased strength and durability vs. regular column forms

Superior Performance – Economical one-time use with easy placement, pouring and stripping

Cut-Away® – The ONLY moisture-resistant concrete forming tubes with Cut-Away® markings every 12" for cleaner cuts in the field with no time-consuming measuring and marking

Tube Strength – Handles extensive concrete vibrations

Private Labeling – Your logo available for maximum advertising and visibility on job sites

LEED® Qualified – Manufactured with 100% recycled paperboard produced by our own mills

Wall Thickness – Standard wall thickness to 12 feet; heavy wall thickness to over 30 feet

Poly Inside Ply – Ensures easy stripping without form-release agents

Installation – Easily placed manually or by crane

Availability – Manufactured at Newark plants throughout North America

*pouring rate based on tube size and specific job site conditions
